Congress of the United States
House of Representatives

April 27, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for a community funding project in fiscal year 2022.

The entity to receive funding for this project is the City of Rushville located at 111 East Washington St. in Rushville, Illinois 62681.

The funding would be used to provide potable water to residents, businesses, schools and rural residents and farmsteads located in and around Rushville. Agribusiness is a key component of the economy which relies heavily on a robust water system for all activities. Rushville has a growing business industrial park located along IL Rte 67 that is reliant on the City's water system for potable water and fire protection. The City's water system is also key to the growth of Culberston Memorial Hospital and Culberston Gardens senior living center. In order to upgrade and replace five drinking water tanks and maintain the current water system, the City needs some type of funding assistance.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Darin LaHood". The signature is written in a cursive style with a horizontal line underneath it.

Darin LaHood
Member of Congress
