April 27, 2021

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for converting 4 one-way streets to two-way streets in surface transportation reauthorization legislation.

The project sponsor for this project is City of Quincy Department of Planning and Development and the project is located at Hampshire, Jersey, Vermont, and York Street in Quincy, Illinois 62301.

The funding is designated for converting portions of four downtown streets from one-way vehicular traffic to two-way vehicular traffic.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: The conversion of the portion of the four streets listed above from one-way vehicular traffic to two-way vehicular traffic is expected to improve traffic circulation, enhance wayfinding, and support multi-modal transportation through the installation of bicycle lanes. The four streets help connect the western edge of the commercial base of downtown Quincy with residential areas to the east, further improving connectivity within the city.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Darin LaHood". The signature is written in a cursive style and is positioned above a horizontal line.
